Dennis Dillon

(Continued from pg. 1)

it is important to keep property taxes from rising. At the same time, I think it is important to keep property taxes from being lowered as property taxes are a major source of revenue for the City of Sanger.

11. Do you think our main street/downtown is healthy and successful? Yes, I think the new businesses, restaurants, & shops in downtown Sanger speaks for itself. Moving the Sanger Farmers Market to downtown is a great thing for not only downtown but also the entire City of Sanger.

12. If you received a \$2 million grant to use for the city any way you wanted, what would you do with it and why? That's easy STREETS

13. Where are your favorite places to spend time in town? Enjoy our parks with our 4 year-old great granddaughter & our dog Bonnie as well as the many great restaurants. When going out to eat, there is no need to go anywhere else than right here in Sanger.

14. What do you believe are the most important projects to be started or completed in the next two years for Sanger ISD? Because I am a member of the Sanger City Council I cannot speak for the SISD. I would think completion of the building projects including the new high school along with completion of the 455 expansion are important for not only the SISD but the entire Sanger community.

15. Please feel free to add any additional information you want voters to know? I hear a lot of talk about growth, both good & bad. The fact is that growth is here & will be even more so in the future. We can get excited about the new grocery store, 455/I-35 expansion, downtown development as well as new residential & retail development. But we must now forget what I call the elements of livability. Livability elements includes infrastructure (electric, water, sewer, & streets), public safety (Police & Fire) as well as efficiency & transparency in local government. I think the current City Council is working hard with the City Manager, our City Staff & City Attorney to address these livability elements. We must put a high priority on these livability elements to stay ahead of the growth & maintain the small town attitude that we all love about Sanger

Josh Burrus

(Continued from pg. 1)

city any way you wanted, what would you do with it and why? I would like to apply that money towards the Sanger Fire Department to help them build another station. Our fire department covers a very large area out of just one station.

13. Where are your favorite places to spend time in town? I love our downtown area, the shops and restaurants. My daughter's favorite places for us to go are Uptown Creamery for ice cream, Vintage Variety for tea parties and the playgrounds at Porter Park and Switzer Park.

14. What do you believe are the most important projects to be started or completed in the next two years for Sanger ISD? The technology programs have a special place in my heart. I am heavily involved with the Auto Tech program and look forward to their new shop being completed for the next school year, the culinary program is growing and thriving and I look forward to seeing the cosmetology program get started with their new facility.

15. Please feel free to add any additional information you want voters to know? I am a father to twin daughters, a Christian and I attend Riding For The Brand Cowboy Church. I love our community, I believe in shopping local and supporting our local businesses.

New School Zone & Pedestrian Crossings Alert!

Heads up! Our Streets Department has started installing new School Zone signs and Pedestrian Crossings near the schools to help keep our students safe.

These upgrades are designed to improve visibility, create safer crossings, and prioritize community safety—especially for kids walking and biking to school.

- Some are already in place
- More are on the way, but installations will happen in phases
- Not every school will see updates at the same time, so we appreciate your patience!

If you don't see a new crossing near your school yet, it may be coming soon. In the meantime, please slow down, stay alert, and follow all school zone signage to help protect our kids.

Honoring Stephen Baker:  
A Legacy in Bronze

The Stephen Baker Memorial Committee is raising funds for a bronze statue to be located at the newly named Stephen Baker Field at Indian Stadium. The Statue is more than just an artistic endeavor, it is a symbol intended to inspire future generations and remind them of Stephen's unwavering character and integrity.

Celebrating Character:

Stephen is remembered for his steadfast moral compass and his commitment to ethical principles. It is our hope that after everyone who has a living memory of Stephen is gone, this statue will make students take the time to learn about Stephen and be reminded that while athleticism is often the goal, qualities like character, integrity and compassion are the key.

Why Bronze?

Bronze was chosen for its durability and timeless appeal. The choice was made to reflect the enduring impact of Stephen's legacy.

How Can You Help?

Your contribution will play a crucial role in bringing this vision to life. By supporting this initiative, you will help create a lasting tribute that continues to inspire for generations.

## Decoration Day at Sanger Cemetery is Sunday, April 27

Decoration Day at Sanger Cemetery is Sunday, April 27, 2025. The Sanger Cemetery is operated on donations that are given by the members of the Sanger Cemetery Association and the community for the maintenance and preservation of the cemetery. RR Landscape and More are mowing and caring for the grounds of the cemetery. They work numerous hours throughout the year to ensure that our cemetery is one that our members and community can be proud of.

Letters for this event were sent out later than usual, and we apologize for the delay. When over four hundred letters were sent out in the fall, many stated that their letters were not received. Several people called in to confirm their address, some made changes to their address, and others added their names to the mailing list. If you are on the mailing list and do not receive your letter, please contact one of the board members or myself to ensure that we have you in the system correctly, as we are striving to update our records.

SANGER

Sanger Cemetery Association

P.O. Box 100 Sanger, Texas 76266

April 2025

Dear Friends,

Decoration Day at Sanger Cemetery is always the last Sunday of April. This year, the date is April 27, 2025. This is the time of year that we raise funds for the maintenance of the cemetery, which includes the caretaker's salary. RR Landscape & More is the company currently caring for the cemetery. They are doing an exceptional job in keeping the cemetery mowed and clean.

As you know, our goal is to maintain and keep the cemetery looking beautiful for those visiting their loved ones. In addition to mowing and weed eating, we have additional upkeep, such as tree trimming and road maintenance. Additionally, we have a few larger projects that we will be discussing throughout the year.

Maintaining the cemetery relies on the donations we receive from each of you throughout the year. The approximate expenses incurred by the cemetery have increased and now range from \$45,000 to \$65,000, depending on whether we have any major unexpected expenses. Due to inclement weather, severe damage can be caused within the cemetery. When this occurs, the Board has to outsource this type of clean-up, which is quite costly. These costs are above and beyond our ordinary expenses. On average, the total donations received each year are approximately \$10,000 to \$12,000. Your donations are greatly appreciated.

Enclosed is a self-addressed envelope for your convenience. Please make all donations payable to the Sanger Cemetery Association - P.O. Box 100 - Sanger, TX 76266.

Please feel free to contact us if we can assist you in any way.

Sincerely,

Robert L. Stover, Thomas Muir, Bill Bounds, Norma Nelson  
Sammy Rippey - President DeAnn Coker Burrus – Sec/Treas.

TRUSTEES

PLEASE READ CAREFULLY

We appreciate your continued cooperation in upholding the cemetery's conditions and regulations, as listed below. A cemetery is a place of quiet rest.

Conditions and Regulations of the Sanger Cemetery

1. The tract conveyed shall be for the burial of the human dead and no other use.

2. The tract conveyed shall not be curbed or enclosed in any manner. Any existing curb that has deteriorated or is damaged cannot be repaired and should be removed. The cemetery board has the authority to remove any such curbing.

3. No glass containers shall be left within the cemetery's boundaries, which include all trinkets, marbles, breakable objects of any nature, arches (wood, metal, or pipe), shepherd's hooks, and benches (unless it is the actual monument with the name engraved on it).

4. No trees, shrubs, ornamental statues, or other items obstructing mowing shall be established on any tracts.

5. The use of the tract conveyed shall be subject to the rules and regulations of the Sanger Cemetery Association as they presently stand or are later amended.

6. The association requires that a permanent marker be placed on the grave as soon as possible after burial. These memorials should only be granite or bronze and set on an exposed concrete pad with a three-inch apron. Please notify the association BEFORE such memorials are set to ensure proper placement. Please call (940) 458-3311 for the requirements for placing a monument in the cemetery.

We look forward to seeing you NEXT year on Sunday, April 26, 2026!
