Power Outages avoided for Friday, Saturday and Sunday

The City of Sanger's electric grid was at near capacity and city officials decided to do 30-minute rolling blackouts last Thursday. The City posted a message for residents on its website warning of planned power outages Thursday, Friday, Saturday and Sunday.

"While this heat is hard on us, it also puts strain on our system. To help reduce some of that strain, the City of Sanger Electric customers may experience rolling power outages," the message on the website read.

Rolling blackouts (30 min.) took place on Thursday, but outages planned for 5 p.m. to 8 p.m. Friday, and continue from 3 p.m. to 8 p.m. on Saturday and Sunday never happened. The planned outages were expected to last approximately 30 minutes with one hour between each outage."

The city encouraged residents to continue to conserve energy to help reduce the time span for outages and apparently, residents complied and power outages didn't happen.

"Your efforts to conserve power reduced the strain on our equipment so that we did not have to implement any rolling power outages Friday, Saturday, or today," the city posted on its Facebook page Sunday night.

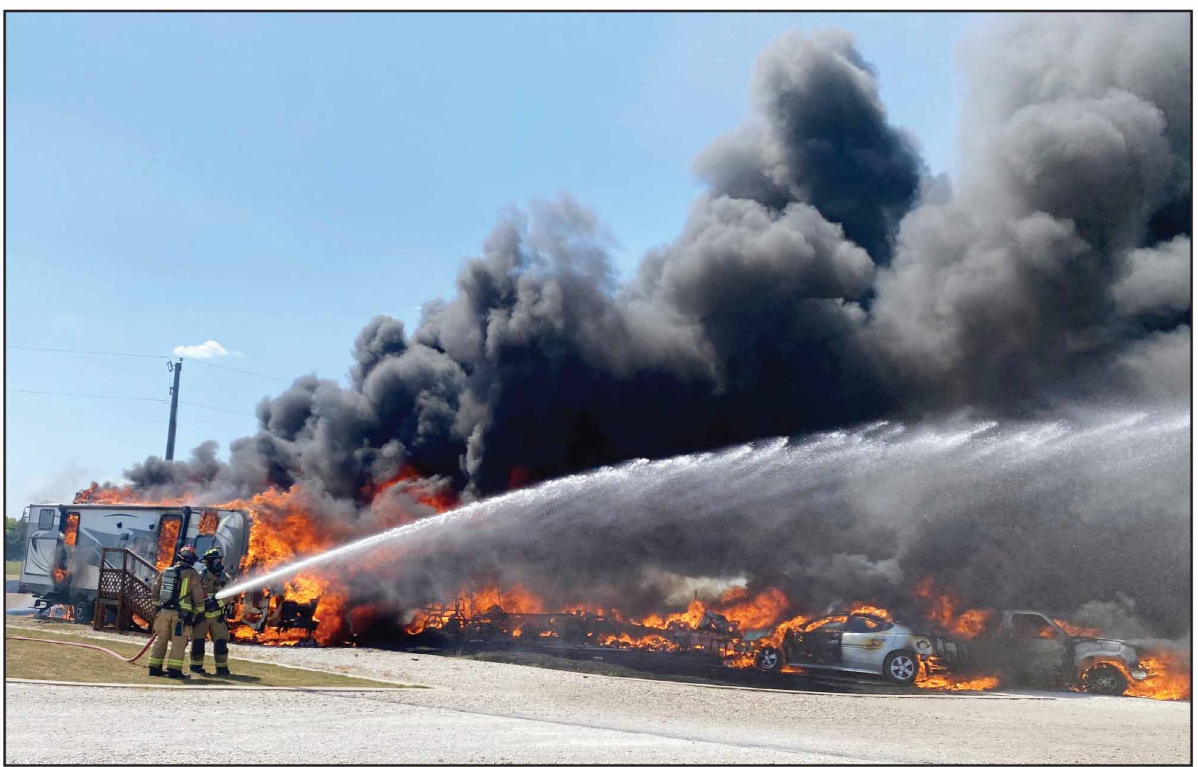

Sanger residents offered their opinions on social media: "I wish businesses would get notice as to the time of day it is going off. Yesterday (Thursday) was crazy for Miguelito's. Our server goes down, credit cards can't be processed and customer are inconvenienced," said Rose Chavez, manager of the restaurant.

At the regularly scheduled City Council Meeting Monday evening, some frustrated residents at the beginning of the session, let the council know, as well. But, council members or city officials and the mayor couldn't comment in that type of forum. The city is considering having a workshop with the City of Sanger's electric providers, City Council members and city administrators, as well as, invite the public to learn more about their procedures, the process and would welcome questions and concerns.

One man said he was sure there was a good reason for the rolling blackouts, but was disappointed in the communication to the residents. He said he was very informed during the ice storm two years ago when ERCOT went over it's capacity in February 2021. The City of Sanger was also able to keep electric costs for Sanger residents near the regularly monthly average, as most utility bills spiked around Texas.

Tom Reese's Facebook post read: "The city is actually doing this to benefit us as customers. The cost yesterday early in the day was under \$5 MW. During peak afternoon times it got up to I believe over \$5000 per MW. The city eats these costs when we go over our allotted usage. I personally would rather deal with electric off 30 min then back on than be paying like conserve customers for the extra cost. I like most was a little upset yesterday until I got it all explained to me. With school back in and the ac running full blast in those buildings

A fire started inside an RV at the Lake Ray Roberts Marina's RV Park, last week. Three RV's were totally destroyed, the RV parks laundry building and some vehicles were a total loss. The marina and RV park owners wanted to thank Sanger, Pilot Point, Krum, Valley View, Greenwood/Slidell, Lake Cities, Little Elm and Denton fire departments. "They kept a bad situation from being disastrous." Two full-time residents lost everything and one weekender lost their RV in the fire. No one was injured. **SEE MORE PHOTOS ON BACK PAGE:**

Blackouts

(Continued from pg. 1)

now as well as school getting out and everyone coming home in the evenings the electric usage spiked. The city had very little notice. It was a situation they just had to start reacting. I know some will never un-

derstand but this happening is 100% to the financial benefit of all Sanger electric customers.”

Sue Miller Pfullmann's post read: "They said on the news last night that we have enough power on the grid. Why the blackouts? I live in an RV and turning the power off in this heat will be unbearable within two minutes. I

have an older pet as well and I am years old.”

Thankfully, residents were spared the rolling blackouts on Friday, Saturday and Sunday. The City did make headlines on the local DFW news stations.

The #5 ranked Indians also had a phenomenal time trial as well. The Indians keep pushing themselves and continue to push towards getting on the podium at regionals and state. The boys had 5 runners go sub 5 and 4 athletes that were pushing for that sub 5 spot! The gap times for the boys were also respectable as the gap time for 1-5 was 21 seconds and 1-7 was 43 seconds. Below are the results for the boys

The Indians and Lady Indians officially start their season on August 26th, at the Greenhill Relays in Norbuck park in Dallas. The girls are looking to 3-peat for the team title and the boys are looking to get over back to back 2nd place finishes.

Indians host Benbrook

The Sanger Indians host Benbrook on Friday evening. Senior Night starts at 7 p.m. Kickoff is 7:30. Sanger returns 5 starters on offense and only 3 on defense. Senior linebacker Phillip Lerma will lead the defense. He was the leading tackler last year. LB Reggie Jones and DB Ty Wellman will help anchor the defense.

Chad Rogers is in his first season with the Indians. He has some weapons on offense. WR Easton Eelsey, RB Luke Thompson (Liberty Christ. transfer) and a huge offensive line, led by seniors Javier Zuniga and Canyon Thomison. Both are 6-2, 270 lbs., and soph., Camden Turbeville (6-2). Sophomore Reed Sebastian has earned the helm at quarterback. Soph., RB Reggie Jones is a threat for the Indians.

Sanger is a very young team, but coach Rodgers expects them to get better each week and make a run in the playoffs.
