For that we are so very blessed and grateful!"

The Sanger Education

Foundation seeks and distribute funds to support programs and initiatives to further enhance learning for public school students in the Sanger community. Their program initiatives are designed to further the mission and provide much needed supplemental funding for Innovative Enrichment Programs centered around K-12 grade students academic success. Programs that directly impact classroom instruction and expand student learning opportunities and Career and Technical Programs that help students develop skills and or certifications to take directly into the work force. Programs that make a difference in a Child's Tomorrow.

The fundraisers and events help them raise not only an awareness of the needs of the students but also and most importantly generate crucial resources to provide student learning programs. SEF offers both informational events with the City and School District but also events that supporters can interact and see first hand the impact their support is making on a Child's To-

tomorrow. Join them at the next event and see how you can not only get involved but help change a child's tomorrow by directly impacting Sanger ISD student academic learning opportunities.

"The Sanger Education Foundation builds bridges between the school and the private sector. This allows us to educate on the great things we do within the walls of our schools while gaining their support for the dreams we have for our students. And, our community makes the dreams we have for our students come true! It is important to me as a product of the Sanger Community to give back. I became a teacher to share my love of learning and to help the children of Sanger find their passion in life much like I did. One way for me to do that is by giving my time and money to the Sanger Education Foundation. I have benefitted from many grants received through the foundation and know first hand the impact they have on our students," said Jennie Flaa, SISD Assistant Superintendent of Teaching and Learning.

## Dementia: Where Do We Begin

by Lynne S. Smiland - Sanger Public Library

Dementia, while not a specific disease on its own, has impacted many families at some point with loved ones struggling with the characteristic reduced memory and logic capabilities. Wider awareness of the condition has grown in recent years as beloved celebrities have shared news of their own struggles with it as one facet of a larger diagnosis. Actor Bruce Willis has recently been diagnosed with frontotemporal dementia, and comedian Robin Williams

was found to have suffered from Lewy body dementia, for example. Though these and other diseases and conditions are prevalent, about 60 to 80 percent of dementia cases are connected to Alzheimer's disease in particular. While memory issues are common in all types of dementia cases, other signs and symptoms can vary a great deal and require different approaches to medical and emotional treatments.

(Continued on pg. 7)

*Dr. Michele Steigleder, a Licensed Clinical Psychologist and certified Dementia Care Provider specialist, is a board member of this group, and will be speaking at Sanger Public Library on Thursday, February 8, at 6:30 to give an overview of dementia and what resources are available.*

## New park survey

The City of Sanger is looking to enhance the downtown through the development of a new park. The development of this property will assist in accomplishing goals that were identified in the 2040 Comprehensive Plan, including creating a new family-oriented park downtown that would serve as a catalyst for economic development. "We are in the very early stages of conceptualizing this property, and we want your input." Please click the link and take the survey to provide your input and help create a community vision and shape the intentions of the site on the City of Sanger, Texas Facebook Page.

please visit our e-clubhouse website / calendar. First place was awarded to Seth Rosser, a senior at Victory Christian Academy. Rosser was sponsored by the Decatur Lions Club and received a \$2,000.00 scholarship.

Helping young people continue their education is one of the challenges our community faces, and it's a need our club continues to address. We are also extraordinarily grateful for the support and contributions we received from members of the community. "You are helping us make a difference."

Chairperson, Makynna Meeks has set an excellent example for fellow students to follow and is a deserving recipient of this scholarship. Meeks placed second in the contest for her essay titled "Impact of Climate Change: A Complex Issue". Makynna will be attending Oklahoma State University next fall and will pursue a degree in Wellness and Nutrition. To read her winning essay

In addition to this Outstanding Youth Contest scholarship, the Sanger Lions Club sponsors three \$2,000.00 scholarships each spring. Applications for the 2024 scholarships will be sent to the High School in mid-February. The Sanger Lions Club now offers commu-

nity service opportunities for the whole family (Cubs ages 2-12) & (Future Lions ages 13-17). Family members meet on the first Thursdays of the month from 5:30 pm to 6:30pm at the Sanger Community Center. This new concept of the Lions clubs allows family members to identify needs within the community and work together to fulfill those needs.

## Growing Amaryllis, Narcissus, and Hyacinths Indoors for the Winter Season

By Sharrie Ely,  
Master Gardener

In the darker days of winter, it's always lovely to have beautiful flowers. Even now it's not too late to consider "forcing" bulbs to enjoy indoor blooms for the winter season.

If you are sensitive to fragrance, then grow amaryllis as they have no scent. For fragrant indoor flowers, you can grow paperwhites (a type of narcissus). Hyacinths are another bulb you can grow for great fragrance, but they will take more prep than narcissus and amaryllis.

If you would like to grow amaryllis or paperwhites, "forcing" is not necessary as these bulbs do not need to be chilled. Plant them now, in a container with soil. The container may or may not have a drain hole which is just fine for bulbs. Without a drain hole, your bulbs won't need as much water. Place the planted bulbs in bright, indirect light.

When selecting amaryllis bulbs select larger bulbs. The larger bulb size will have more stored energy and you will see this in the bloom results. Larger

bulbs will also typically produce stronger stems. Check that the bulb is clean and free of mold, decay, or cuts and is firm.

One variety of narcissus bulb, 'Ziva' is known to be divisive. Around 50 percent of people enjoy the scent while 50 percent do not. If you do not care for the fragrance of 'Ziva', then experiment and try other narcissus, like 'Avalanche', 'Grand Soleil d'Or', 'Winter Sun', or 'Ariel'.

Top the soil of your plantings with colored glass, rocks, moss, grit, or fine gravel. When planting the taller-growing amaryllis and narcissus, use a stake for your plant. Use a dowel rod painted dark green or even an interesting stick that you have

found in your yard. Decorative stakes can also be purchased online in garden stores or large retail sites. Tie the plant to your stake with a pretty ribbon, twine, or coated wire.

Hyacinths are fun to grow but need a chilling period to grow indoors. Refrigerate these bulbs for 12 weeks in a paper bag, away from apples, pears, and bananas and then pot in soil or in a hyacinth vase with water. The water should be below the bulb, not touching the root. Handle hyacinth bulbs with gloves as they contain calcium oxalate which is a skin irritant. Do not touch your face after handling hyacinth bulbs as it can cause a burning or stinging sensation.

If you are shopping

for bulbs online, popular colors may be sold out. Look for bargains online and check out Box DIY Stores for markdowns on bulbs as stores may be getting ready for the spring season. Next year, shop early for your bulbs. Make a note in your phone or on your calendar to shop for the best bulb selection in August. Some sources for bulbs are Brent and Becky's Bulbs, John Scheepers, or Van Engelen, Inc. Buy several and share with friends or make plans to share as gifts.

# First United Bank Seeks to Complete 350,000 Acts of Kindness

All First United Bank locations participating in United Acts of Kindness Day; encourages local communities and businesses to join

## United Acts of Kindness Ways to Get Involved

Each February, millions of people come together to change the world, one random act of kindness at a time. First United Bank will be mobilizing their stakeholders once again this year with the goal to complete 350,000 acts of kindness in one day.

First United Bank's United Acts of Kindness Day, held this year on Friday, Feb. 16, serves as a day for communities to come together to spread joy, hope, and love to friends, family, co-workers, and neighbors through acts of kindness. Anyone can participate, and no act is too big or too small to elevate a life or make an impact.

With the help and generosity of employees and partnering organizations, including local businesses, non-profits, churches, community leaders, and community members, First United hopes to spread hope in the world and spark a kindness revolution. Acting in their communities throughout Texas and Oklahoma, First United Bank stakeholders will create a kindness ripple effect that will extend beyond their local area.

Past United Acts of Kindness have included serving meals to the hungry, organizing food and clothing drives, and even enlisting the Norman, Oklahoma police department to hand out gift cards instead of traffic tickets for the day.

To learn more about First United's United Acts of Kindness Day, download a business packet for your place of business, or log your individual acts of kindness, please visit <https://unitedactsofkindness.org/>. You can share your kindness stories on social media on Feb. 16 using #UnitedActsOfKindness.
