Financial FOCUS

By Allen Chick, Edward Jones

As you know, interest rates have risen considerably over the past couple of years. But what does this mean to you, as a consumer and as an investor?

From a consumer's standpoint, it's not hard to see the effects of higher interest rates. If you want to take out a mortgage or refinance an existing one, you'll find that it's considerably more costly, in terms of the interest you'll pay, than it was a few years ago. And the same is true of car loans and credit cards. Paying these debts at higher rates can affect your cash flow, so while rates are high, you may need to make some important decisions about your overall budget and spending plans.

As an investor, though, you may find the effects of higher interest rates to be somewhat more complex. That's because higher rates can have a different impact on different types of investments, such as stocks and bonds.

When considering stocks, be aware that not all market sectors will respond the same way to higher interest rates. For

How will higher rates affect you

example, the financial sector, which includes banks, insurance companies and brokerage firms, may benefit from higher rates. On the other hand, smaller technology companies, which still must invest heavily in their businesses, may not do as well due to rising interest rates making it more expensive for them to borrow. And other sectors will respond differently to higher rates. Keep in mind, though, that there's great variance within sectors and among companies, so when you consider purchasing stocks, evaluate each choice on its merits and make sure it fits within your risk tolerance, time horizon and need for portfolio diversification. When you diversify your investment dollars, you can reduce the risk of market volatility affecting just one type of asset, although diversification by itself can't protect against all losses.

With fixed-income investments, such as bonds, interest rate movements can have significant and direct impacts. When interest rates rise, the value of your current bonds will likely fall because new bonds can pay higher rates. However, you can also buy bonds at the new, higher rates and benefit from bigger interest payments.

Still, there's no guarantee that interest rates will stay elevated – in fact, the Federal Reserve has indicated that it might actually start cutting rates in 2024 – which is why it may be a good idea to build what's known as a “ladder” consisting of short-, intermediate- and long-term bonds. Once you have your ladder in place, you'll have some protection from interest-rate movements. So, if rates were to keep rising, you could reinvest the proceeds of your short-term bonds in the new, higher-paying ones. But if rates level off, or even fall, you'll still benefit from your longer-term bonds, which typically (but not always) pay higher rates than short-term ones.

Of course, if you hold your bonds until maturity, you will continue to get the same interest payments, regardless of where market rates go.

In any case, it's useful to be aware of what's happening with interest rates — the more you know about the factors affecting your investments, the better off you'll be.

4-day school

(Continued from pg. 1)

Superintendent, Dr. Tommy Hunter.

One Town Hall Meeting is left and will be held at the Sanger Sixth Grade Center on Monday, March 4th from 6-7 p.m. The first meeting took place on Monday, February 26th.

SISD is proposing to be off Friday's instead of Monday's, which is the popular choice of the four-day week districts in Texas. In 2015 Texas lawmakers passed a bill which altered how a school year was measured. There are currently over 70 Texas schools that have four-day school week. It's possible that number rises to around 100 as dozens of districts are considering the move for next school year.

In Texas, schools have to be open for a minimum of 75,600 minutes over a school year, which includes recess and lunch. Districts have control over how these minutes are spread out, giving flexibility to schools to adopt the four-day model. Some are adding time to each of the four remaining school days to make up for the extra day off; others are extending the school year.

Texas is experiencing a statewide teacher shortage, particularly in rural areas. Rural school districts in Texas cannot compete with the pay and benefits packages offered by larger districts. Just like the rest of the state, the shortage is affecting Sanger ISD. For example, eighteen teachers and paraprofessionals have left our district since August 2023 for various reasons, including leaving the profession.

According to the 2022 Texas Teacher Poll performed by the Charles Butt Foundation, the percentage of teachers considering leaving the profession in 2022 was 77%, up from 58% in 2020. 85% of Texas teachers report more time to plan quality lessons would aid in teacher retention.

Sanger ISD is provided this detailed information on their website.

Sanger ISD is focused on teacher retention and recruitment, academic achievement, time to plan meaningful instruction, and students' and staff's social and emotional well-being. In order to achieve our goal of recruiting and retaining the highest quality teachers for our students, we must think outside the box.

In a growing trend that has proven successful in other districts across the nation and particularly in rural school districts in Texas, the transition to a 4-day school week has proven to be an effective recruiting/retaining tool for teachers and all staff. With a 4-day instructional week, we would entice more talented teachers and staff to join Sanger ISD and decrease the ever-rising turnover rate.

What are the reasons for considering this change?

- To help recruit and retain certified, highly qualified teachers.

- We are unable to pay our employees the same salaries as the larger

districts in our area. This would help give Sanger ISD a competitive edge in hiring employees.

- We have found that other districts that have 4-day instructional weeks are able to fill positions with high-quality teachers, aides, bus drivers, etc.

- Hiring and retaining the highest quality teachers and support staff will increase the effectiveness of our instruction and promote student success.

- Fewer substitutes are needed.

- It will assist in keeping student and staff morale high.

- Having one day off a week will potentially increase the attendance rates of students and staff alike and improve work/life balance.

What day will we be off?

We are currently creating a draft calendar with Fridays off.

Students would attend a traditional 5-day week during August and September and a 4-day week throughout the remainder of the year.

Teachers and staff will be scheduled to work one Friday a month.

Sanger ISD employees will have at least three Fridays off each month to spend with family, schedule appointments, rest, and take care of personal business.

Will this make the school year longer?

The school year will start approximately one week earlier but end on May 22nd.

Teachers will return on August 1st.

Students will start on August 7th.

Will we lose instructional time?

The total number of instructional days for students on the draft calendar is 156 days, with 495 minutes of instructional time each day. This total of 77,220 minutes for the year meets the state's requirement of 75,600 minutes of instructional time.

No early release dates are built into this calendar. Early release days have typically been used on Fridays prior to holidays or extended breaks in the calendar. Since we will not be attending school on Fridays, early release days have been removed from the calendar.

What are the start and stop times for Elementary (PK-5)?

Elementary - 7:40 - 3:55

Teachers - 7:30 - 4:05

What are the start and stop times for Secondary (6-12)?

Secondary - 8:05 - 4:30

Teachers - 7:55 - 4:40

What are the start and stop times for Linda Tutt High School?

Students - 7:40 - 3:55

Teachers - 7:30 - 4:05

What are the start and stop times for Tenderfoot Daycare?

Opens at 7:05

Closes at 5:00

Will a 4-day school week shorten holidays during the year?

No! Holidays will not be shortened.

Thanksgiving Break will still be a week.

Christmas Break will be the same length.

Spring Break will still be a week.

How will this affect ex-

tracurricular activities on Fridays (ball games, etc?) if a Friday-off calendar is chosen?

Sanger ISD will continue to compete and participate on Fridays in athletics and other extracurricular activities, as required by the UIL.

Transportation will be provided on Fridays as needed for such activities.

Pep Rallies will be held on Thursdays when we are scheduled to be out on a Friday.

Will educational opportunities be provided on Fridays?

Up to 300 students who meet specific criteria will be provided educational experiences on Fridays.

Breakfast and lunch will be provided.

An evaluation of the program will be conducted at the end of the school year to determine the rate at which it is utilized.

Will this lower the pay of teachers or other support staff?

Teacher salaries are based on the minutes of instruction provided, as required by Texas law. As teachers will continue to meet the required minutes of instruction during the longer school days and shorter school weeks, salaries will not be reduced.

How will Curriculum and Instruction change?

The academic achievement of our students is always at the forefront of any decisions made at Sanger ISD. The transition to a 4-day school week will extend the instructional time in each content area. As a result, the scope and sequence for each subject will be structured based on minutes rather than days of the week. The Curriculum and Instruction Department will be working to create new curriculum maps based on a 4-day school week. With these revisions, Sanger ISD will ensure that the TEKS will be covered thoroughly in the 4-day school week.

How will teachers continue to learn and grow?

A 4-day work week can potentially benefit teachers in several ways regarding planning and professional development:

Extended Planning Time: With an extra day off during the week, teachers have more uninterrupted time to plan their lessons, create teaching materials, grade assignments, and collaborate with colleagues. This can lead to more effective lesson plans and better organization of teaching materials.

Professional Development Opportunities: The additional day off can be utilized for professional development activities such as attending workshops, conferences, seminars, or engaging in online courses to enhance teaching skills and stay updated on educational trends and best practices.

Flexibility and Creativity: Having an extra day off each week can encourage teachers to explore innovative teaching methods, experiment with new instructional techniques, and incorporate more creative and engaging activities into their lessons. This flexibility can lead to a more dynamic and stimulating learning

environment for students. **Is the 4-day instructional week being introduced for financial reasons?**

No. The 4-day instructional week is revenue-neutral. Again, our goal for implementing a 4-day educational work-week is to create an attractive incentive for recruiting and retaining teachers and staff.

How will the district know if this is successful?

If we move forward with the 4-Day Instructional Week, it would be a 3-year Pilot Program. We

will look at the following data to determine if it is successful or not:

- Student academic success (STAAR Tests, reading levels, math skills levels, completing dual credit college hours before graduation, earning an industry-based certification before graduation, ASVAB scores, ACT and SAT scores, and graduation rates).

- Student attendance rates.

- Employee attendance rates.

- Employee retention rate.

- Numbers of certified and highly qualified applicants for each open position.

- Student enrollment numbers.

- Percentage of students participating in extracurricular activities.

- Parent climate surveys.

- Student climate surveys.

- Employee climate surveys.

SHS is excited to introduce the 2024 Principal Advisory Committee Members.

The PAC is a group of students that works directly with Mrs. Sperry to provide a link between the administration and the student body. Members of PAC earn a unique leadership experience and develop a close connection to the administration and the principal.

PAC members will represent the student body at events throughout the year. They ensure that the voice of the students is heard in issues of school policy and programming. Members of PAC also serve as representatives for the school, speaking to prospective students and their parents, and visiting groups or events when needed.

Congratulations to these amazing students!

Kiss the Pig Reading Challenge
Chisholm Trail Elementary School

CTE students took part in a reading challenge using the online platform Beanstack @zoobeanreads. This reading challenge motivated the student readers with the prize of having their Principal, Amanda Howland, and Assistant Principal, Drew Brown, kiss a pig for reading 5000 books! Students exceeded this goal by actually reading 5,135 books!!! What a way to motivate the kids to read! Tyrone the pig was provided by SHS student Emma Williamson.

Bolivar Masonic Lodge Annual Awards Banquet

On Saturday night, February 10, Bolivar Lodge held its annual Awards banquet and honored the Past Masters, Wives, and Widows of the lodge. A fine meal was served by the Culinary Class of Sanger High School. Master Brian Hoffman awarded the Golden Trowel Award to Brother Glenn McDaniel, a fifty-four year mason. This is the highest service award that can be bestowed by the local lodge. Glenn has been steward for Bolivar Lodge for the past several years and has provided many great meals for the members.

Amy Escobedo, an educator from Sanger High School, was presented the Lamar Medal for outstanding service in the field of education. She supervises the Culinary Education of Sanger High School and has been instrumental in providing servers and food for our banquets. Bolivar Masons congratulates these two for their outstanding accomplishments!

This Meet / Greet is open to everyone to kick off the new year with Altered Intentions Car Club. Talk about upcoming events and future car shows. Meet up at square with plenty of places to hangout eat and drink. Bring your rides to our beautiful downtown Sanger, Tx. Please be respectful while attending this event. No burnouts or speeding in the downtown area, there are kids and families walking around downtown. We don't want to be told that we can't host events downtown anymore.
