High winds on Monday night caused a lot of damage at Lake Ray Roberts Marina, just east of Sanger. Boat houses 3 and 9 were hit the hardest which house 50-60 foot long slips. Half of house 3 broke loose and floated to boat house 2. House 9 walkway (bridge) to the parking lot flew up and knocked over a very large CoServ transformer. Marina owners think it was more than just straight-line winds. Maybe a small tornado or wind-shear. The marina has a 30 year history and has faced 60-70 mph winds before and it didn't cause this kind of damage. House, now 9 snakes to the left and back to the right with bending aluminum framing and sheet metal throughout the slips. There was some damage to some boats, as well. See more photos on page 12: A different kind of weather event caused a crisis at the marina in the year 2000 when the lake was over 17 feet low. All the boat docks had to be pulled out to the middle of the lake for several months. During that span the entire marina cove was dredged, during the severe drought. The marina's nine houses has over 600 boat slips.

## Message from the CITY MANAGER

Dear Residents of Sanger, I hope that everyone is having a great start to spring as we transition into this vibrant season of renewal and growth. It's been a busy quarter filled with exciting events and developments, and I am thrilled to share some highlights with you.

First, we just wrapped up Easter Egg-Apalooza, our annual Easter Egg Hunt, which was a tremendous success. We witnessed the joy and excitement on the faces of our community members, and we invite you to relive those moments by checking out the video from the event. A link to download and view the video is posted on our City of Sanger Facebook Page.

In terms of infrastructure updates, during the last quarter, we initiated our Water Meter Replacement Program, and we're pleased to report that we're approximately 50% complete. Aquametrics is diligently working to finalize all replacements within the next few weeks.

Our streets department has also been hard at work with road maintenance. For a complete list of streets impacted by this maintenance, please visit our City website at [www.sangertexas.org](http://www.sangertexas.org) under the news section. Furthermore, temporary work is being conducted on Belz Road while we continue to prepare for the major reconstruction.

Marion Road will also be receiving maintenance as we continue to work with the County on their bond projects. Additionally, the FM 455 project is still underway. We urge residents to exercise caution when traveling through the construction areas.

Exciting programming awaits you at the library over the next few months. Our City-wide art contest is back in full swing. Residents can submit their artwork to the library until April 17th, and on Thursday, April 25th, we'll host our first Art Exhibition, where winners will be announced amidst light refreshments.

I want to express my sincere gratitude to everyone for staying involved and contributing to the continued growth and prosperity of our City. Wishing you all a happy and rejuvenating spring season.

Warm regards,  
John Noblitt, City Manager

# New Sanger High School construction takes shape...

A concrete boom pump truck transfers cement to workers to fill piers on the new Sanger High School this week. The new campus will be located just east of the existing high school and is set to open in 2025. Exciting changes ahead in 2024-2025 for Sanger Elementary Schools and for SISD secondary schools in 2025-2026. See below for the reconfiguration of campuses:

### Exciting Changes Ahead in 2025-26 for Sanger Secondary Schools: Reconfiguration and Renovations Underway

**New Sanger High School**  
With the opening of the new Sanger High School in the fall of 2025, significant changes are coming that promise to reshape the educational landscape of the district.

**Previous Sanger High School Becomes Sanger Middle School**  
One of the most notable developments is relocating Sanger Middle School, grades 6th through 8th, to the previous site of Sanger High School, situated at 100 Indian Lane.

**Linda Tutt Moves to Previous Sanger Middle School**  
Linda Tutt High School will embark on its journey as it moves to the former location of Sanger Middle School, located at 105 N. Berry St.

### Exciting Changes Ahead in 2024-2025 for Sanger Elementary Schools: Reconfiguration and Renovations Underway

**Chisholm Trail Elementary**  
This campus will proudly serve students from pre-kindergarten through kindergarten for the entire district. This campus will accommodate the growing needs of our youngest learners.

**Clear Creek Intermediate to Clear Creek Elementary**  
Clear Creek Intermediate will now be known as Clear Creek Elementary reflecting a change in grade levels. This renaming aligns with the school's revised role in serving elementary-grade students.

**Clear Creek Elementary and Butterfield Elementary Realignment**  
Clear Creek Elementary and Butterfield Elementary will both be realigned to serve students from 1st to 5th grade.

Exciting Changes Ahead in 2025-26 for Sanger Secondary Schools: With the opening of the new Sanger High School in the fall of 2025, a different chapter in the district's educational journey is set to unfold. With this eagerly awaited transition, significant changes are coming that promise to reshape the educational landscape of the district.

Exciting Changes Ahead in 2024-2025 for Sanger Elementary Schools: Reconfiguration and Renovations Underway: As part of the ongoing commitment to providing exceptional educational opportunities for the students, Sanger ISD is thrilled to announce significant changes to the elementary school landscape. These changes stem from the foresight and planning behind the 2022 Bond, aimed at accommodating the anticipated growth within the district. At the heart of these transformations are reconfigurations and realignments of grade levels across several elementary schools, optimizing existing facilities to better serve SISD students and community.
